

## THE GAZETTE.

THURSDAY EVENING, JUNE 12.

**SPONTANEOUS IGNITION.**—Some interesting investigations made by a very careful chemist, in regard to the phenomenon of spontaneous ignition, are described in one of the foreign scientific journals. The experimenter took a handful of cotton waste, soaked it in the oil to be tested, wrung out the excess of oil, and then put it into a box along with some dry cotton. The box, with contents, was then heated to one hundred and seventy degrees and in seventy five minutes the cotton saturated with boiled linseed oil was found to be on fire. This oil and seal oil were found to be the most combustible.

Next in order came lard oil, which took four hours; rape oil and gallipoli oil appeared to require a little longer than the last, though their characteristics in respect to the quality in question shows but little difference. It is interesting to note that all the oils just enumerated are others of glycerine. Castor oil, however, which is not an ether of glycerine, takes two days to spontaneously ignite. Spermin oil, too, does not ignite, and the petroleum actually stops the spontaneous combustion of the oils above mentioned. Chemists are in the habit of keeping potassium and sodium in petroleum, which excludes the atmosphere from those metals. It is somewhat singular that dangerous cotton should be preserved in a similar manner. It may also be here remarked that it has been found that silk fabrics, containing picrate of lead, frequently catch fire when in transit by railway; experiments show in regard to this well-known phenomenon, that only a very slight amount of friction is sufficient to ignite samples of such silk goods. — *Missouri Rep.*

## FINANCIAL.

## First Nat'l Bank of Alexa., Va.

The present high price of Government Securities is increasing the demand for first-class Railroad Bonds; and it is not reasonable to suppose that the present difference of from TWENTY to THIRTY per cent can be obtained for any great length of time.

We are recommending for Exchanges or for new investments—  
**THE CHESAPEAKE AND OHIO SEVEN PER CENT MORTGAGE BONDS,** interest payable January and July; principal and interest payable in gold in New York city.

Only \$3,000,000 of these Bonds will be offered for sale at present. Price 90 and accrued interest.

They are amply secured, and a very desirable investment. The proceeds will be used in adding largely to the present equipment, and in extending the line from its present tidewater terminus at Richmond to deep water on the Chesapeake bay, where the largest steamers in the world can load and unload alongside the cars.

Also, the CHESAPEAKE AND OHIO SIX PER CENT BONDS, interest payable May and November; these bonds are issued in denominations of \$100, \$500 and \$1,000. Price 88 and accrued interest. The road, 420 miles in length, is now completed, and the business offering is very large, and increasing daily.

Pamphlets, giving a full description of the Chesapeake and Ohio Railroad and its advantages, and particular information concerning the agricultural, mineral and mechanical resources; the remarkable coal and iron deposits; and the opportunities for settlement, investment, and the employment of capital and labor in various industries along its route, copies of which may be had, free of charge, upon application in person or by mail.

**A GOOD INVESTMENT—ATTENTION, CAPITALISTS—BUCKLAND WOOLLEN MILLS, PRINCE WILLIAM COUNTY, VIRGINIA, AT PUBLIC AUCTION.**  
By virtue of a decree of Fauquier County Court, pronounced on the 1st day of March, 1873, in the chancery cause therein pending styled "Campbell vs. Hutton et al.," the undersigned, special Commissioners, appointed for that purpose, will expose to sale, at public auction, to the highest bidder, on SATURDAY, July 20th, 1873, at the front door of the Court House, in the town of Warrenton, county of Fauquier, State of Virginia, that valuable Mill and Mill property attached thereto, known as **THE BUCKLAND WOOLLEN MILLS,** in the county of Prince William, Virginia.

These Mills are upon Broad Run, only a few miles distant from Gainesville, a station upon the Manassas Division of the Washington City, Virginia Midland and Great Southern Railroad, (formerly C. & O. R. R.), and contain **ONE HUNDRED ACRES OF LAND.**  
The buildings consist of FIVE (5) TENEMENT HOUSES and Factory Buildings. The Factory is ready for work, and has in it the very best and most improved machinery; the water power as good as can be found in the State, and the location in every respect desirable. Capital invested in these Mills, properly managed, must pay handsomely.

Terms of Sale: Ten per centum of the purchase money in cash; the residue in one, two, three or four years from the day of sale, the purchaser to execute bonds, with approved personal security, bearing interest from date, for the deferred instalments; title retained until the last payment is made, and the property aforesaid subject to comply with the terms of sale.

**COMMISSIONERS' SALE OF VALUABLE REAL ESTATE AND FISHERY IN PRINCE WILLIAM COUNTY, VA.**  
By virtue of a decree of the Circuit Court for the county of Alexandria, Va., rendered at the November term, 1872, in the suits of Newton against Newton and others, and Phillips' administrators against Newton's executors and others, (consolidated) the undersigned, commissioners, appointed by said decree, will offer at public auction, in front of the Mansion House, on Fairfax street, in the city of Alexandria, Virginia, on WEDNESDAY, the 30th of April, 1873, at 12 o'clock m., a TRACT OF LAND, situate in the county of Prince William, Virginia, on the Potomac river, containing about 892 acres, being the residue, after deducting the purchases of Nagley, Musser and Otto, respectively, of a larger tract known as DEEP HOLE MOUNT PLEASANT and THE FAIRM, which was conveyed by Isaac Newton and wife and Samuel N. Garwood and wife, in trust, to Edward T. Taylor and Presley Thornton Lewis, by deed, dated May 24th, 1854, recorded in the land records of Prince William county, Virginia.

This is a very valuable estate, and has on it a large quantity of excellent timber and a valuable FISHERY, known as "Deep Hole." Facilities to market are afforded by the Potomac river and the Alexandria and Fredericksburg Railroad, which latter passes through the land. A plat and survey will be exhibited at the time and place of sale, and the tract will be sold entire, or divided into parcels as may seem to the commissioners most advisable.

Terms of Sale: Enough in cash to pay the costs of suit and expenses of sale, and the residue in three equal annual instalments, with interest from date; the purchaser or purchasers giving bonds with approved security, and the title to be retained to secure the deferred payments, and the land subject to be resold under decree in these suits at purchasers' risk, in case of a failure to comply with the terms of sale.

I have seen, and do most unqualifiedly approve of Mr. W. B. This invention should be speedily in general use.  
**HENRY BRIGHAM, President.**

Alexandria, April 9, 1873.  
I have been using for over three months the Self-adjusting, Anti-friction Back Chain and Traveller, and take pleasure in testifying that they are a perfect success. The saving in wear of the saddle alone is worth more than the cost of the chain, and the saving in labor and suffering to the horse is incalculable.
